Facebook Video Downloads – Quick Preview

- Quickly download Facebook videos and all associated metadata including...

The screenshot displays a Facebook Reels video player with the X1 Capture Settings dialog box overlaid. The dialog box is titled 'Capture Settings' and contains the following sections:

- FACEBOOK CAPTURE OPTIONS:**
 - Download supported videos
 - Enable Auto-Expand of all comments, replies, and additional posts
 - Enable Auto-Scroll to capture additional Facebook items
 - Auto-Scroll to capture 100+ additional items (dropdown)
- PDF SETTINGS:**
 - Include header and footer with page address and title
 - Scale: 80 %
 - Page size: Auto
 - Width: 0 mm
 - Height: 0 mm
 - Orientation: Portrait (selected), Landscape

Buttons at the bottom of the dialog include 'START CAPTURE', 'OK', and 'CANCEL'. The background shows a Facebook Reels post from 'Facebook' dated March 3, with a video player and a comments section. The video player shows a progress bar at 0:02 / 0:30. The comments section shows a user's comment: 'My personal account was hacked. Can someone from here help me! I had a business account attached to it.' There are also buttons for 'Like', 'Comment', and 'Share'.

- Full parsing, comment expansion and video download support for multiple Facebook features

- Full metadata suite as seen with other page captures with X1 Social Discovery
